

# Merlin Executive Sewer Connect

**Perfect when a sewer connection is available, but a permanent toilet structure is not.**

The Sewer Connect is the same as the standard Merlin Executive on the outside, but it's equipped like a permanent toilet on the inside. It features a mains-and-sewer-ready portable toilet cabinet, with a fully plumbed and easy to connect waste outlet, and it comes complete with quality porcelain cistern and pan, hand-wash basin, and optional soap dispenser.

## Key Features

- High density UV resistant polyethylene single sheet walls
- Dimensions Width 1130mm, Depth 1140mm Height 2290mm Weight approx. 120 KG. Door opening 600mm
- Fully plumbed, easy-connect waste outlet (100mm)
- Hand-wash basin
- Dual flush cistern
- Option - Certified Lifting system with lifting lugs
- Optional soap dispenser
